

MECHANICAL ENGINEERING EXTRAVAGANZA Honours Student Project Exhibition

Teachers and students are invited to attend the 14th annual Honours Student Project Exhibition, a display of exciting, dynamic projects developed by the engineers of tomorrow.

A highlight in the science and technology calendar, this must see event will feature diverse projects such as the Formula SAE Racing Car, the Eco Trike, the Micro Air Vehicle and the Ultimate Sailing Craft.

This is a unique opportunity for teachers and students to encounter engineering in practice, to learn what it really means to be an engineer and to engage with final year engineering students as they share their experiences.

Friday 24 October, 9am to 4pm

Adelaide Showgrounds, Ridley Pavilion

FREE entry and parking via Leader Street
